

**Form IV**

[see, Chapter IV, rule 20(2) and Chapter V, rule 40(2)(xv)]  
**Format for annual report on solid waste management to be submitted by the local body**

**CALENDAR YEAR: 2026-27****DATE OF SUBMISSION OF REPORT: 24-06-2026**

|   |  |   |
|---|--|---|
| 1 | Name of the City or Town and State   | Bajali District   |
| 2 | Population (Nos.)  | 2,67,702  |
| 3 | Area in Sq. kilometers (Sq. Kms.)  | 359   |
| 4 | Name & Address of the local body<br>Telephone No<br>Fax No<br>E-mail:  | O/o the District Commissioner,<br>Bajali<br>03666-296999<br>Nil<br>dc-bajali@gov.in     |
| 5 | Name of officer in-charge dealing with solid waste management (Solid Waste)<br>Phone No:<br>Fax No:<br>E-mail:<br>Details of Solid Waste Management Cell<br>No of Staff: | Shri Twahir Alam (ADC, Bajali)<br><br>86384 62120<br><br>twahir.alam@gmail.com<br><br>5 |
| 6 | Number of households in the District   | 58,935  |
|   | Number of non-residential premises in the District   | 5,416   |
|   | Number of election or administrative wards in the District   | 290   |
| 7 | Quantity of Solid waste:<br>Estimated quantity of solid waste generated in the local body area per day in metric tonnes  | 27  |
|   | Quantity of solid waste collected per day (tonnes per day)   | 2   |
|   | Per capita waste collected per day (gm/day)  | 60  |
|   | Quantity of solid waste processed (tpd)  | 0   |
|   | Quantity of solid waste disposed at dumpsite or landfill (tonnes per day)  | 1   |
| 8 | Status of Solid Waste Management (SWM) service:<br>Segregation and storage of waste at source  | Only in Urban areas   |
|   | Whether solid waste is stored at source in domestic or commercial or institutional bins  | Only in Urban areas   |
|   | Percentage of households practice storage of waste at source in domestic bins  | 54%   |

|    |  |   |
|----|--|---|
|    | Percentage of non-residential premises practice storage of waste at source in commercial or institutional bins                           | 49%   |
|    | Percentage of households dispose of throw solid waste on the streets   | 29%   |
|    | Percentage of non-residential premises dispose of throw solid waste on the streets   | 30%   |
|    | Whether solid waste is stored at source in a segregated form   | No  |
|    | If yes, Percentage of premises segregating the waste at source   | Does not arise.   |
|    | Door to Door Collection of solid waste   | Yes, only in urban areas  |
| 9  | Whether door to door collection of solid waste is being done in the city or town   | Being done for Urban areas and not started in rural areas but MOU signed. |
| 10 | If yes:<br>Number of wards covered in door-to-door collection of waste   | 14  |
|    | No of households covered   | 510   |
|    | No of non-residential premises including commercial establishments, hotels, restaurants educational institutions or offices etc. covered | 634   |
|    | Percentage of residential and non-residential premises covered in door-to-door collection through:<br>Motorized vehicle                  | 40%, only in Pathsala and Pathacharkuchi MB                               |
|    | Containerized tricycle or handcart   | 20%   |
|    | Other device   | 40%, Only in Pathsala MB  |
| 11 | If not, method of primary collection adopted   | NA  |
|    | Sweeping of streets (Kms)  | Mostly in urban areas   |
|    | Length of roads, streets, lanes, byelanes in the city that need to be cleaned (Kms)  | 287 Kms for the entire District and 7.4 Kms in urban areas                |
| 12 | Frequency of street sweepings and percentage of population covered   | Daily for Pathsala MB and 50% occasionally in other areas                 |
|    | Manual sweeping (%)  | 100%  |
|    | Mechanical sweeping (%)  | 0%  |
|    | Whether long handle broom used by sanitation workers   | Yes.  |
|    | Whether each sanitation worker is given handcart or tricycle for collection of waste (yes or no)   | Yes, but only in Pathacharkuchi MB  |
|    | Whether handcart or tricycle is containerized (yes or no)  | Yes, but only in urban areas  |

|  |  |  |
|--|--|--|
|  | Whether the collection tool synchronizes with collection or waste storage containers utilized (yes or no)        | No   |
| 13   | Secondary Waste Storage facilities<br>No and type of waste storage depots in the city or town                    | NIL  |
|  | Open waste storage sites   | 168 Units in the District  |
|  | Masonry bins   | NIL  |
|  | Cement concrete cylinder bins  | All MCF in rural areas have cement compost tanks.  |
|  | Dhalao or covered rooms or space   | NIL  |
|  | Covered metal or plastic containers  | NIL  |
|  | Upto 1.1 m <sup>3</sup> bins   | NIL  |
|  | 2 to 5 m <sup>3</sup> bins   | NIL  |
|  | Above 5m <sup>3</sup> containers   | NIL  |
|  | Bin-less city  | Yes, only for Pathsala MB  |
|  | No Capacity in m <sup>3</sup>  | 523.9  |
|  | Bin or population ratio  | 0.00069  |
|  | Ward wise details of waste storage depots (attach):<br>Ward No:<br>Area:<br>Population:                          | There are 168 waste storage depots across the District and 3 such bins are located in each facility, which serve the wards where they are located. |
|  | No of bins placed  | 168 in rural areas & 2 in urban areas.   |
| Total volume of bins placed (Cubic Feet)                           | A total volume of 18,501 Cubic Feet, which is spread across 168 facilities.                                      |  |
| Total storage capacity of waste storage facilities in cubic meters | 523.9 in Cubic Metres  |  |
| 14   | Total waste actually stored at the waste storage depots daily  | NA   |
|  | Give frequency of collection of waste from the depots<br>Number of bins cleared                                  | NA   |
| 15   | Whether storage depots have facility for storage of segregated waste in green, blue and black bins               | NA   |
| 16   | Whether lifting of solid waste from storage depots is manual or mechanical. Give percentage                      | NA   |
| 17   | If mechanical - specify the method used  | NA   |
|  | Whether solid waste is lifted from door to door and transported to treatment plant directly in a segregated form | Yes.   |

|                                      |  |  |
|--------------------------------------|--|--|
| 18                                   | Waste Transportation per day (tpd)   | 1.8  |
|                                      | Type and Number of vehicles used (pl tick or add)  | 2  |
|                                      | Animal cart  | 0  |
|                                      | Non tipping Truck  | 0  |
|                                      | Tipping Truck  | 1  |
|                                      | Dumper   | 2  |
|                                      | Refuse collectors  | 0  |
|                                      | Compactors   | 0  |
|                                      | Others   | 29   |
|                                      | JCB or loader  | 2  |
| Frequency of transportation of waste | Daily in Urban areas.  |  |
| 19                                   | Quantity of waste transported each day (tpd)   | 1.8  |
|                                      | Percentage of total waste transported daily  | 79%  |
|                                      | Waste Treatment Technologies used  | NA   |
|                                      | Whether solid waste is processed   | Yes, only for Pathachakuchi MB.            |
| 20                                   | If yes, Quantity of waste processed daily  | 0.4  |
|                                      | Whether treatment is done by local body or through an agency                                   | No.  |
|                                      | Land(s) available with the local body for waste processing (in Hectares)                       | 3.37                                       |
|                                      | Land currently utilized for waste processing   | NIL  |
|                                      | Solid waste processing facilities in operation No and capacity of Material Recovery Facilities | NA   |
|                                      | No Capacity (MT) Waste segregated (MT)   | NA   |
|                                      | No and capacity of Manual  | NA   |
|                                      | Material Recovery Facilities   | NA   |
|                                      | No Capacity (MT) Waste segregated (MT)   | NA   |
| 21                                   | Solid waste processing facilities under construction   | 83   |
|                                      | Distance of processing facilities from city or town boundary (Kms)                             | About 2-4 Kms for each facility.           |
|                                      | Details of technologies adopted:- Composting.  | Yes, for Pathsala MB and work in progress. |
|                                      | Vermi composting   | Yes, for Pathsala MB and work in progress. |
| 22                                   | Bio-methanation  | NA   |
|                                      | Refuse Derived Fuel  | NA   |

|    |  |                            |
|----|--|----------------------------|
|    | <p>Waste to Energy technology such as incineration, gasification, pyrolysis or any other technology (give details)</p> <p>Number and capacity of Operational Waste to energy Plants</p> <p>Name and address with Extended Producer Responsibility registration number under Plastic Waste Management Rules, Capacity (MT), Plastic Waste processed (MT), Energy produced</p> <p>Number and capacity of operational waste to Oil units</p> <p>Name and address with Extended Producer Responsibility registration number under Plastic Waste Management Rules, Capacity (MT), Waste processed (MT), Oil generated</p> | NA                         |
| 23 | <p>Combustible waste supplied to cement plant</p> <p>Combustible waste supplied to solid waste-based power plants</p> <p>Others</p>  | NA                         |
| 24 | Solid waste disposal facilities  | 2, located in urban areas. |
|    | No of dumpsites sites available with the local body  |                            |
|    | No of sanitary landfill sites available with the local body  | 0                          |
|    | Area of each such sites available for waste disposal (Bigha)   | 1.5                        |
|    | Quantity of inert material disposed (MT) from recyclers and other waste processor in sanitary landfill   | NA                         |
| 25 | Area of land currently used for waste disposal (Acres)   | 1.67                       |
|    | Distance of dumpsite or landfill facility from city or town (kms)  | 2-3                        |
|    | Distance from the nearest habitation (kms)   | 2-3                        |
|    | Distance from water body (kms)   | 1                          |
|    | Distance from state or national highway (kms)  | 1                          |
|    | Distance from Airport (kms)  | 110                        |
|    | Distance from important religious places or historical monument (kms)  | NA                         |
|    | Whether it falls in flood prone area   | Yes                        |

|    |  |  |
|----|--|--|
| 26 | Whether it falls in earthquake fault line area (Yes or No)   | No   |
|    | Quantity of waste landfilled each day tpd  | 0.4 for Pathachakuchi MB.                      |
|    | Whether landfill site is fenced  | Yes, under construction for Pathacharkuchi MB. |
|    | Scientific Landfill site (number and capacity)   | NIL  |
|    | Capacity (MT)  | NIL  |
|    | Waste received (MT)  | NIL  |
| 27 | Legacy waste site (number and amount of legacy waste)  | 1 site with 30,000 MT under Pathasala MB.      |
|    | Waste processed to RDF (MT) Solid waste in RDF (%)   | 0%   |
|    | Waste remaining (MT)   | 30,000 MT                                      |
| 28 | Whether Lighting facility is available on site (Yes or No)   | No   |
|    | Whether Weigh bridge facility available (Yes or No)  | No   |
|    | Vehicles and equipments used at landfill (specify) Bulldozer, Compacters etc. available  | No   |
|    | Manpower deployed at landfill site   | NIL  |
| 29 | Whether covering is done on daily basis Yes or No  | No   |
|    | If not, Frequency of covering the waste deposited at the landfill  | NA   |
|    | Cover material used  | NA   |
| 30 | Whether adequate covering material is available Yes or No  | NA   |
|    | Provisions for gas venting provided Yes or No, (if yes, attach technical data sheet)   | NA   |
|    | Provision for leachate collection  | NA   |
| 31 | Whether an Action Plan has been prepared for improving solid waste management practices in the city                                | Under preparation                              |
| 32 | What separate provisions are made for:<br>Dairy related activities:<br>Slaughter houses waste:<br>C&D waste (construction debris): | No   |
| 33 | Details of Post Closure Plan   | Under preparation                              |

|    |   |   |
|----|---|---|
| 34 | How many slums are identified and whether these are provided with Solid Waste Management facilities:  | No  |
| 35 | Give details of: Local body's manpower deployed for collection including street sweeping, secondary storage, transportation, processing and disposal of waste   | 10 being used by Pathsala MB, 4 for Pathacharkuchi MB and no other local body has employed its manpower.  |
| 36 | Give details of:<br>Contractor or concessionaire's or third party's manpower deployed for collection including street sweeping, secondary storage, transportation, processing and disposal of waste   | Patharquary Rodali NGO which employs 10 workers under Pathalsa MB.<br>MoU signed with different NGOs in rural areas and 1-3 employees to be engaged by the SHGs when operational.   |
|    | Details of human resource including waste pickers in informal sector (concessionaire or third party or own resource) deployed for<br>a. Collection<br>b. Street sweeping<br>c. Transportation<br>d. Segregation<br>e. Processing<br>f. disposal | a. 6 for Pathsala MB and 1 for Pathacharkuchi MB.<br>b. 4 for Pathsala MB and 2 for Pathacharkuchi MB.<br>c. 2 for Pathsala MB and 1 for Pathacharkuchi MB and 1/3 for each GP.<br>d. NIL.<br>e. NIL.<br>f. 6 for Pathsala MB and 1 for Pathacharkuchi MB (Same persons who are involved in waste collection)   |
|    | (ii) Details of waste pickers engaged in solid waste management (ward wise)<br>No of waste pickers  | NIL   |
| 37 | Mention briefly, the difficulties being experienced by the local body in complying with provisions of these rules   | Shortage of trained manpower and financial constraints.   |
| 38 | Mention briefly, if any innovative idea is implemented to tackle a problem related to solid waste, which could be replicated by other local bodies  | The Pathsala MB has initiated a community-based waste segregation awareness campaign by involving youth volunteers and school students. Through door-to-door outreach and street play, the initiative aims to promote responsible waste disposal and improve public participation. This low-cost community driven approach is showing early signs of improvement. |

|    |  |  |
|----|--|--|
| 39 | Enforcement of Solid Waste Management Rules  | It is being taken up in the urban areas. |
| 40 | Please confirm if Bye- laws have been framed (Yes or No)   | No                                       |
| 41 | No of violations & action taken on non-compliance of provisions of Solid Waste Management Rules, 2026              | NIL                                      |
| 42 | Total no of Violations (e.g. Burning or littering waste)   | NIL                                      |
| 43 | Actions Taken ( Fines or penalties Imposed Rs.)  | NIL                                      |
| 44 | Data on ingress of littered Solid waste in water bodies:<br>Ingress points for solid waste in Drain and Water Body | NA                                       |
|    | Number of ingress points   | 05-07                                    |
|    | Measures taken to stop ingress of solid waste  | Under process                            |
|    | Surface water bodies including river stretches   | NIL                                      |
|    | Number of surfaces water bodies  | 3  |
|    | Quantity of waste collected  | NA                                       |
|    | Number of drains cleaned from solid waste  | 10-15                                    |
|    | Total length of drains (Kms)   | 5.53                                     |
|    | Total length of drains cleaned from solid waste  | Not measured                             |
|    | Solid waste collected (MT)   | Not measured                             |
|    | Silt collected   | Not measured                             |

  
 District Commissioner  
 Bajali
